

Planungshinweise

Planning guide

The diagram shows a spotlight fixture labeled 'VIOR' at the top. A cone of light extends downwards from the fixture, representing the beam spread. The beam is wider at lower heights and narrower at higher heights. The table to the right provides the corresponding light values for different beam angles and heights.

	△ 40°	△ 50°	△ 60°
	lm 1070	1080	1050
0.5 m	lx 4790	7510	3560
1.0 m	lx 1200	1880	870
1.5 m	lx 530	840	390
2.0 m	lx 300	470	220
2.5 m	lx 190	300	140
3.0 m	lx 130	210	100
